I now choose the Freedom to be me!

One of the greatest challenges in life is to feel safe enough to stand proudly within our unique personal empowerment and expression.

As we journey through life, we unconsciously develop perceptions in the way we see ourselves and therefore the way we perceive life itself. Experiences we have influence our relationship with ourselves. Often a fear of being rejected affects the way we interact with others and ourselves.

Many of us swallow our uniqueness and behave as we think others would like us to. We often adapt and adopt beliefs and behaviours at the expense of our true selves.

As we heal with Reiki, we learn that it is safe to choose the freedom to connect with, and express our unique individuality within each day.

I was recently asked if
Reiki can cause harm
The definitive answer is "no" ... Reiki does not cause anything!

The key to Reiki Healing is that the energy offers rejuvenation
of our energy fields by offering a significant energy boost to
our innate ability to heal.

When we are stressed, depressed, anxious, in pain, or unwell
our innate ability to heal continuously draws upon our own
energies in an attempt to return to harmony and wellness
again.

In other words, our innate ability to heal works overtime. The
result is that we tend to become tired and drained. This leaves
us in a place of being low in our personal energy and less
energetically robust.

Our bodies are energy ... our cells are energy, our spirit is
energy, our auric field is energy ... we are pure energetic
beings.

In our Western Society we spend way too much time indoors
where there is little opportunity for energy rejuvenation.

Our natural state of rejuvenation is to be outdoors.

We feel energized when we are moving while outside and
connect with the elements ...

The Earth,
The Wind,
The Sun,
The Stars
The flow of Water at a Beach or by a River.

All of these experiences connect us with our natural energy
rejuvenation sources.

At times though we all need an extra power boost for healing
and clarity of thought.

This is where Reiki comes as a wonderful gift that we can offer
ourselves.

Reiki also supports our energy flow with a power boost of
connection to Universal Life-Force Energy.

With either Reiki distance healing or Reiki hands-on healing your body draws upon the energy creating the opportunity for inner harmony and rejuvenation.

During this time of the COVID-19 Pandemic, I am receiving many requests for Reiki Distance Healing Appointments with fabulous results!!!

I have had full faith in Distance Healing since first being introduced to it in 1995 ... the wonderful outcomes from Distance Healings in recent times has enhanced my faith and trust in Reiki and Distance Healings.

With Reiki there is no need to suffer. Reiki can offer the opportunity for change with Love and the Key.
